Professor Asay

## User Observation Form

### Introduction:

1. Introduce the project and explain it's purpose
2. Explain what the purpose of the test
  - a. Ask them to be speak every thought they have, so I have all the information
  - b. Explain the tasks I am asking them to do

### Tasks:

1. Find a recipe.
2. Find where to learn about a Navajo word
3. Find history about a recipe
4. Turn the sound off and on
5. Navigate through the app for 5 minutes

### Conclusion:

1. Ask for feedback
2. Thank the user

User's name:  
Samantha Thompson

Notes about task 1:

- Sam had no issue finding a recipe

Notes about task 2:

- Sam had an issue with trying to navigate back to the home page, there isn't a way to do that
- Sam took a while to realize that the dictionary was

Notes about task 3:

- She initially clicked on the history button. After realizing that was just a general history, she clicked the recipe page and was able to find the history from that
- She didn't think the recipe's history button was obvious enough

Notes about task 4:

- No issues here

Notes about task 5:

- The only complaint was not being able to navigate to the main page

Additional Feedback:

- none

User's name:

Cody Burt

Notes about task 1:

- No issues

Notes about task 2:

- No issues

Notes about task 3:

- Clicked history initially, then recipe and learn more
- Complained about clarity and navigation here

Notes about task 4:

- No issues

Notes about task 5:

- Nothing came up

Additional Feedback:

- Rework the Recipe history workflow

User's name:  
Steve Snyder

Notes about task 1:

- No issues

Notes about task 2:

- No issues

Notes about task 3:

- No issues

Notes about task 4:

- No issues

Notes about task 5:

- No issues

Additional Feedback:

- No feedback

User's name:  
Rebecca Jensen

Notes about task 1:

- No issues

Notes about task 2:

- She struggled with this for a while, but was able to figure it out. She never got frustrated, and actually laughed when she finally clicked dictionary.

Notes about task 3:

- She had similar issues as the other users with this.

Notes about task 4:

- No issues

Notes about task 5:

- No new issues

Additional Feedback:

- No feedback

## Results

### Things I will fix:

- I will add a link back to the home page in the menu
- I will add a link to a recipe's history from the history page.

### Things I won't fix:

- I will not fix uses related to the dictionary
  - This didn't seem like that big of an issue.
